Nationally we have become concerned about pollution, human dignity and the preservation of life. These changes have helped shape our lives at Rhea Central High School.

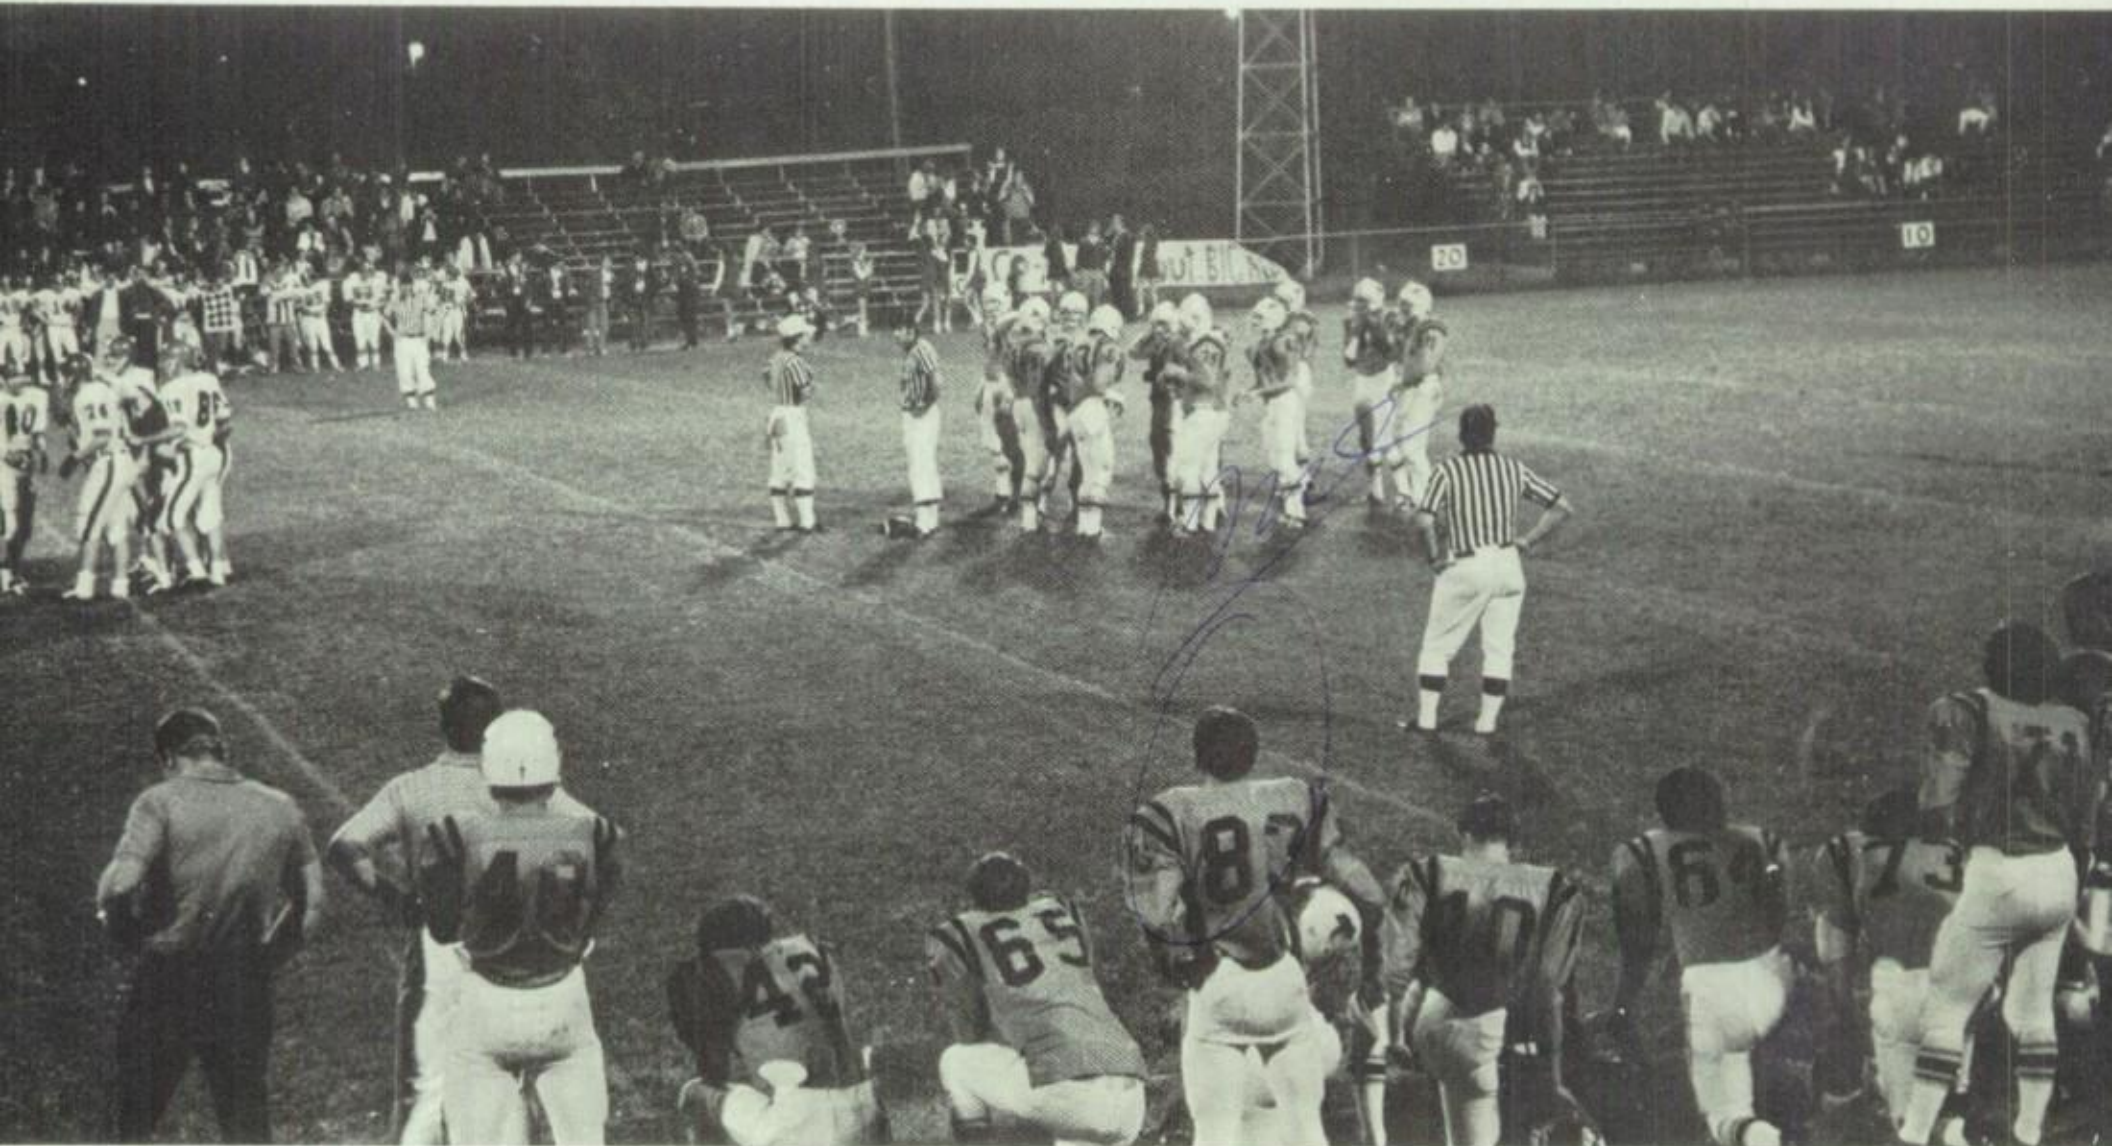

We arrived at a time when our lives should begin in earnest—building a foundation of knowledge and begin searching for the absolutes in a world of change.

[Handwritten signature]

We sought a deeper understanding that comes from within— a knowledge about oneself that makes it possible to maintain identity while contributing to the group effort.

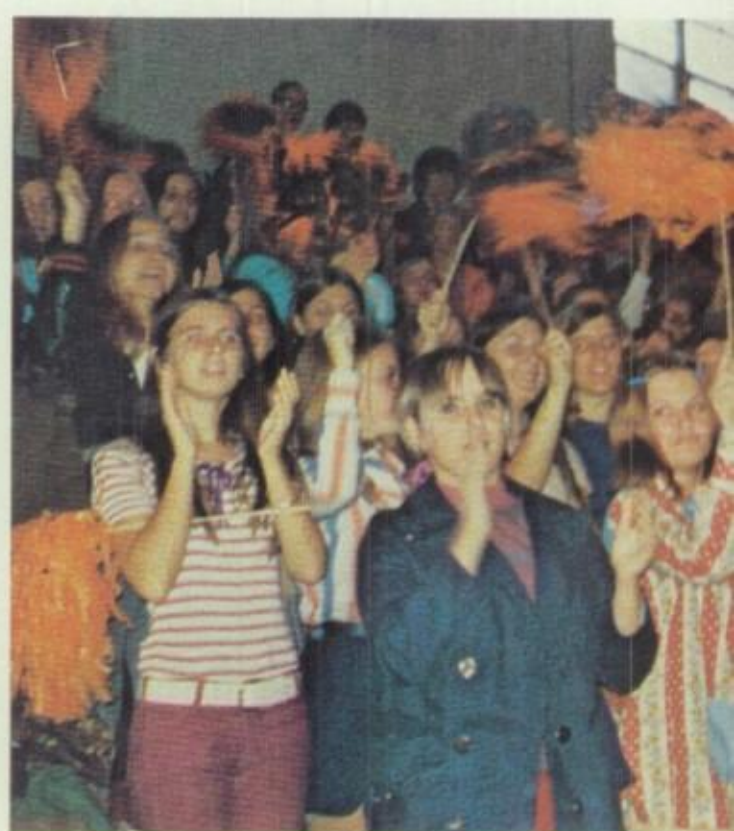

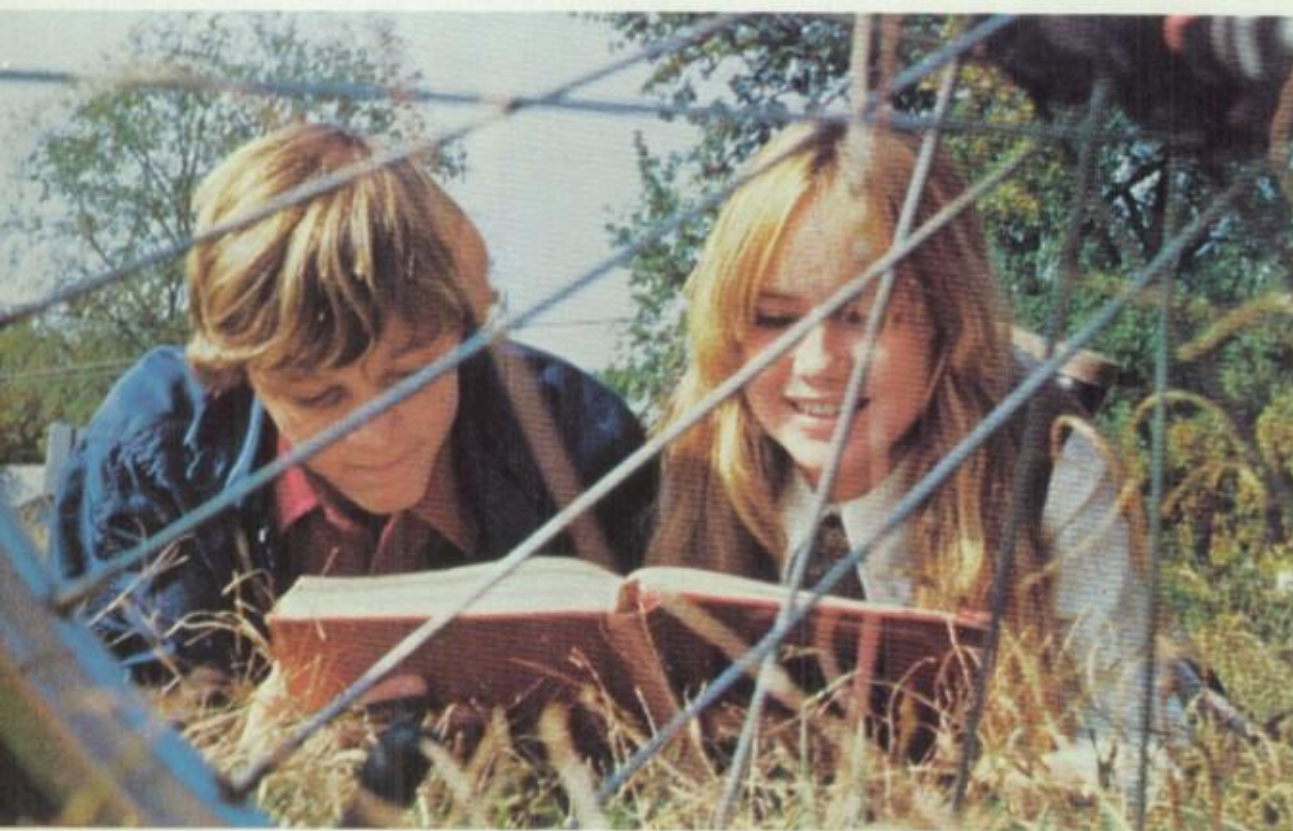

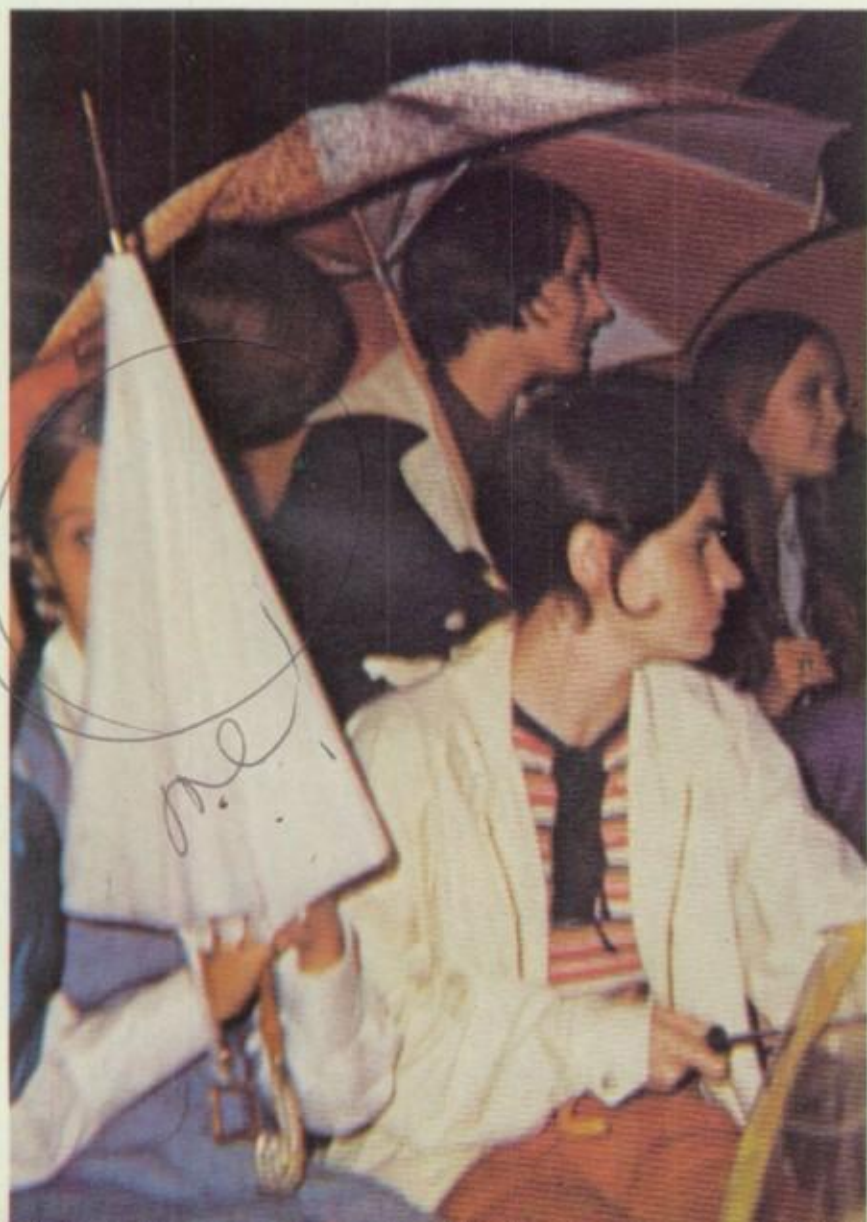

Lucker.
 In a good friend.
 Well, Martin leaving an we are
 struck with Dymore. Best of
 Luck with Joey. May God Bless you.

Changes Are Made By New Principal

Under the supervision of Mr. Patrick Conner, our new principal, steps toward higher standards of education were taken. The administration, working as a unit in harmony with the students, helped create an atmosphere for learning.

Many changes took place, such as being dismissed thirty minutes earlier, and seniors were given the privilege of eating lunch off campus.

Guidance Counselors and Librarians Provided Information

Attempting to assist and counsel students, the guidance counselors help to serve our various needs. Counselors provided information for aid in choosing a career or college, as well as, helping with personal problems.

The librarians served in providing a source of information to aid in our quest for facts. No longer only a storehouse of books, the library expanded to become a media center for audio visual materials as well.

Home Ec and Business Education Stressed Development of Skills Toward Careers

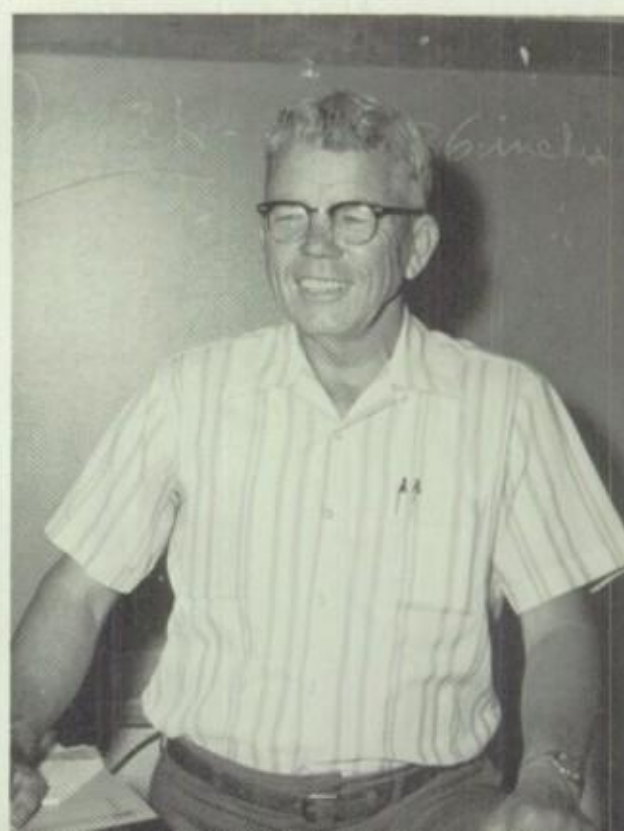

The homemaking education classes stressed development in skills needed to successfully carry out the role of homemaking and wage earning. HERO, Home Economics Related Occupations class, was responsible for the annual Teen March for St. Jude Children's Research Hospital. On-the-job experience was carried out in a nursery school held in this department.

In business education, encouragement was emphasized toward office careers. Offerings were typewriting, shorthand, general business, general math, and record keeping. A Business Education Club was formed, and this club became affiliated with Future Business Leaders of America.

Dear Future Graduates:

Many years of work, dedication, and ambition are being fulfilled as the time grows near for you to complete your high school education. I sincerely hope that each of you realize that your diploma is not a guarantee of success. However, it is a step in the right direction, and I hope that your needs and desires have been met to a degree that success will inevitably be yours.

Our attitude toward you, and hopefully your attitude toward us, can be explained in the following words:

To meet, to know, to love,
and then to part,
Is the sad tale,
of many a human heart.

Editors' note—

Live each day to the fullest. Get the most from each hour, each day, and each age of your life. Then you can look forward with confidence, and back without regrets.

Be yourself — but be your best self. Dare to be different and to follow your own star.

And don't be afraid to be happy. Enjoy what is beautiful. Love with all your heart and soul. Believe that those you love, love you.

Forget what you have done for your friends, and remember what they have done for you. Disregard what the world owes you, and concentrate on what you owe the world.

When you are faced with a decision, make that decision as wisely as possible — then forget it. The moment of absolute certainty never arrives.

And above all, remember that God helps those who help themselves. Act as if everything depended upon you, and pray as if everything depended upon God.

S.H. Payer

(Well what can I say except thank you for everything
 you've done for me and meant to me I'm so glad
 we got to be the friends in these past few weeks.
 I guess we still have yrs. in front of us to improve
 ourselves and the situations we're always in. I
 want you to know that I love you & stay for every
 thing. And for being around to help out & help
 shelter nights. Don't forget me, but remember me
 as a "good" person!

Vicki,
 Another year
 has gone by
 with me. I
 have enjoyed
 every minute
 of it. I hope
 you have too.
 Remember me
 to your family
 and friends.
